## Death of Mr. Simpson.

James E. Simpson died at his home at East Lyndon, Wednesday, August 22, after a few days of terrible suffering caused by a wound in his foot. Mr. Simpson was an industrious farmer and on the occasion when he received the fatal wound was pulling stumps with the span of horses. Something unexpectedly gave way and the horses started to run when the hook at the end of a chain struck his bare foot with such force as to drive it between the bone and muscles and he was dragged across the field about 40 rods when the horses ran against a tree and stopped. Though badly bruised and with his foot horribly mangled he was able to pull out the hook and crawl to the house. The best of medical skill was employed and at first it seemed probable that he might recover, but he lived only eight days as lock-jaw set in and though amputation was resorted to it did not give relief. Mr. Simpson was born August 18, 1863. His wife is Mabel A., daughter of Elias Wilder, who with three children survives him.

## Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

## Town Politics.

Lyndon politics are getting badly mixed. The republicans have nominated L. W. Sanborn, who, if elected, will vote for Grout for senator. The democrats have nominated J. M. Weeks, who, if elected will vote anti-Grout, for high license and for repeal of the present school law. Some democrats will not vote for a high license man, and more republicans will vote for Mr. Weeks because they favor license. Some will vote for him because they oppose Grout. The prohibition voters will doubtless vote for Sanborn as they have made no nomination. Under these conditions it is difficult to predict the result of the election with any certainty.
